

August 10, 2017

Dear Friends of the District 30 Legislative Committee:

As you are aware, Monday, August 14, members of District 30's Republican county committee will gather for a convention to vote on who will fill David Rible's unexpired term. We personally want to thank David Rible for his years of service to the citizens of the district and we wish him continued success. We know he will continue to serve with distinction in his new position as Commissioner of the Alcohol Beverage Control.

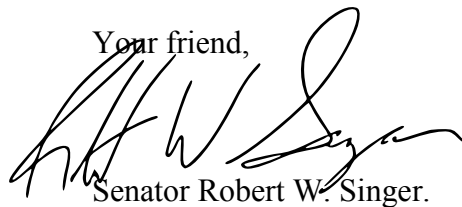

Justin Flancbaum is eager, willing and excited to put his years of public and private service to work for the residents of the 30<sup>th</sup> District. I believe his youth and energy are needed as our team continues to fight for the needs of District 30 residents.

I believe his years of experience and service will transfer well into the role of Assemblyman. He has done an exceptional job in his position as Executive Director of the Lakewood Township Municipal Utility Authority, a Township of over one-hundred thousand residents. During his tenure as Executive Director, he has overseen many cost saving modernization projects. Justin's leadership has allowed the MUA to provide water at some of the lowest costs in the State. Prior to public service, his resume includes years of service in private business. He has done an outstanding job in both capacities, and I believe that will transfer to his service as Assemblyman.

I believe as a candidate, Justin possesses the necessary qualities that will help continue to make the 30<sup>th</sup> Legislative District a great place to live and raise a family. It is for these reasons that I am endorsing Justin Flancbaum to join our team and I urge you to support Justin Flancbaum for Assembly in the District 30 convention.

I thank the committee for your consideration of Justin's candidacy.

Your friend,
